How to Spot Fake Reviews on Amazon

With fierce competition between third-party sellers, it can be tough to find genuinely good products. These tips can help.

Tesla owner has his car key implanted in his hand

Are you the type who has trouble keeping track of your car keys? A Michigan man has solved that problem by turning himself into a key. CNN's Jeanne Moos reports.

nest

So many accessories. One easy way to control them.

No matter which compatible accessories you choose, the Home app makes it easy to set up and control all of them, all from one place. Over 50 brands worldwide are committed to providing products that are compatible with the HomeKit framework, and the number of available accessories is growing every day. And each of these products is reviewed and approved by Apple to help ensure your security when you use it.

Hearables

Want to hear what's happening around you? Just press and hold the force sensor on the stem to move between Active Noise Cancellation and Transparency mode — which lets outside sound in, and allows things to sound and feel natural when you're talking to people nearby.

And when you're talking face to face with someone in a noisy environment, Conversation Boost helps you hear more clearly by focusing on the sound of the person directly in front of you.

A large, bold black number 4, positioned on the left side of the image, serving as a section marker.

Autonomous Things

Robotic Lawn Mowers

HUSQVARNA AUTOMOWER® 115H (WITH INSTALLATION)

★★★★★ 4.5 | 17 Reviews

16 out of 17 (94%) reviewers recommend this product

Write a review

Meet Automower® 115H, a robotic mower that will give you the perfect lawn and more free time. If you own a small or medium-sized yard with up to 0.4 acres of grass, Automower® 115H is an excellent solution. Featuring smart technology and an intuitive interface, Automower® is the world's most capable robotic mower. Obstacles, tight spaces and slopes are no sweat. In fact, thanks to its weather resistance, Automower® works in the rain, too. Experience the amazing future of lawn care from the world leader in robotics. (Standard installation by a Husqvarna Professional included.)

- Working area capacity (±20)0.4 acre
- Cutting Height, min-max2-3.6 in
- Typical mow time on one charge60 min
- 🕒 Typical charging time60 min

A New Standard in Safety

At TuSimple we develop the world's most advanced self-driving technologies specifically designed to meet the unique demands of heavy-duty trucks.

Through the development of an industry leading autonomous driving system, purpose-built autonomous trucks with OEMs **Navistar** and **TRATON**, and the creation of the TuSimple Autonomous Freight Network (AFN) we have become the partner of choice for shippers, and carriers.

**What's this mean
for libraries?**

A wide-angle landscape photograph of a deep canyon. In the foreground on the left, a person wearing a hat and dark clothing stands on the edge of a large, dark rock formation, looking out over the valley. The canyon walls are steep and rugged, with a prominent, light-colored sheer rock face in the center. The valley floor is covered in dense green forest. In the distance, more mountain ranges are visible under a bright blue sky with scattered white clouds.

**step away
from that edge**

Thanks!
