## Small Libraries Create Smart Spaces Application

## Overview

Thank you for your interest in participating in the <u>Small Libraries Create Smart Spaces</u> project, offered by OCLC's WebJunction Program in partnership with the Association for Rural and Small Libraries, and with funding from the Institute of Museum and Library Services.

Before completing this application, please:

- 1. Read the <u>participant overview</u> for details about this project and requirements for participation. Send any questions to project manager Brianna Hoffman at hoffmanb@oclc.org.
- 2. Before submitting application online, review all of the application questions in this PDF document and take time to prepare your responses. This is a competitive application process toward the selection of 15 libraries from across the United States.
- 3. Plan to submit your completed application by 5:00 p.m. PDT on Friday, January 18, 2019. Be sure to click "done" at the end of the application to submit your results—you'll know it's worked when you are redirected to a thank you page.

The information you submit in your application will be accessible to the *Small Libraries Create*Smart Spaces project team. Input from applications may be used in project reporting, but will not include any personally identifiable information without permission.

## You and Your Library \* 1. Are you an employee of a public library in the United States? (This opportunity is available specifically to public library staff members in the United States, including U.S. Territories. Answering "no" to this question will automatically exclude you from consideration for participation.) Yes No

Participation Details			
* 14. If selected to participate in this project, you will be your library's primary point of contact for all project activities. This will require ongoing accountability to the <i>Small Libraries Create Smart Spaces</i> project team, as well as the facilitation of significant input and decision-making within your library and community to meet all project goals. Please describe how you (and your supervisor, if applicable) will coordinate your responsibilities in order to be successful in this project. (250 word limit. Consider how your library building and service desk(s) will be staffed at times when you are working on this project, any policy implications that may come into play, your overall work schedule, and how planning time fits in, and the need to facilitate administrative and community buy-in for this work.)			
* 15. Please describe your interest in or experience with collaborating with library peers in an online learning community with discussion forums.  What do you enjoy about it?			
What do you find challenging?			
What support do you need from the project team in order to feel successful as an online learner?			
* 16. Do you have regular access to an internet-connected computer or laptop, as well as an audio connection (telephone or audio through your computer, i.e. VoIP), to participate in online webinars and meetings and to access the online learning community and discussion forums for this project? (Please note: tablets are not recommended for engagement with our learning system.)			
Yes			
○ No			
Unsure			

* 17. If selected to participate in <i>Small Libraries Create Smart Spaces</i> , will you be willing evaluation activities in support of the deliverables of this project? This may include presurveys, focus groups or interviews, a site visit from project staff, providing before and gathering information from community members about your services, etc.	e- or post-participation
Yes	
○ No	
Unsure	
* 18. If selected, can you confirm that your library will work with OCLC to adhere to guid or reimbursement of project funds for allowable expenses associated with your library transformation, per the terms defined in the <u>participant overview</u> ?	
Yes	
○ No	
Unsure	
19. If selected, can you confirm that your library will sign a memorandum of understand OCLC to clarify expectations and parameters for participation?	nding (MOU) with
Yes	
○ No	
Unsure
